WORK EXPERIENCES

Junior Penetration Tester Intern

Byte Capsule IT | Jun 2026 – Running

• Conducted web and network penetration testing following OWASP Top 10 standards

• Identified vulnerabilities including SQL Injection, XSS, CSRF, and authentication issues

• Assisted in exploitation using Burp Suite, Nmap, SQLMap, and Metasploit

• Prepared vulnerability assessment reports with risk ratings and remediation steps

• Gained exposure to automation, AI-assisted testing, and cloud security concepts

Certification

• Ethical Hacking Professional
• Junior Penetration Tester (TryHackMe)
• Certified Phishing Prevention Specialist (CPPS)
• ISO/IEC 27001:2022 Information Security Associate

Scripting & Markup

• Python

• HTML, CSS

Projects

• Vulnerability assessment of a demo web application (OWASP Juice Shop)

• Performed SQLi and XSS testing on lab environments
